

CURICULUM VITAE

Name: Jiří Klempíř, Assoc Prof., M.D., Ph.D.

Date and place of birth: 20.7. 1975 in Pardubice, Czechoslovakia

Marital status: married, 2 children

Contact: Dept. of Neurology and Center of Clinical Neuroscience, Charles University in Prague, 1st Faculty of Medicine and General University Hospital in Prague, Katerinska 30, Prague 2, 120 00, Czech Republic, E-mail: jiri.klempir@seznam.cz, jiri.klempir@vfn.cz

Education:

- 2002 M.D., 1st School of Medicine, Charles University, Prague
- 2005 1st Certification in Clinical Neurology in Czech Republic
- 2007 Ph.D. – Neuroscience – Huntington's Disease
- 2007 European Certification in Clinical Neurology
- 2007 European Certification in Clinical Nutrition and Intensive Metabolic Care
- 2016 Associate Professor – Neuroscience – Huntington's Disease

Position held:

Senior consultant, Dept. of Neurology and Center of Clinical Neuroscience, Charles University in Prague, 1st Faculty of Medicine and General University Hospital in Prague

2010-2017 member of Registry Steering Committee, EHDN

Since 2017 coordinator of European Reference Network for rare neurological disease in General University Hospital in Prague

Research projects of last 5 years:

Markers of mitochondrial dysfunction in presymptomatic early stages Huntington's disease Czech Health Research Council, NU20-04-00136 (2020-2023)

Proteomic analysis of extracellular vesicles in pig models of Huntington's disease and human blood plasma Czech Science (2019 – 2022)

European eHealth care model for rare neurodegenerative diseases (HEATHE-RND) JPND (2019 – 2023)

Biomarkers of progression and treatment response in neurodegenerative disorders - Ministry of Health of the Czech Republic (grant nr. 15-25602A) (2015-2020)

Speech disorders and analysis of their mechanisms in Parkinson's disease and other movement disorders. - Czech Health Research Council, 15-28038A, (2015-2019)

Comparative study of Huntington's disease: bioenergetics' functions of mitochondria in patients and in transgenic minipigs - COST CZ LD15099, (2015-2017)

Comparative study of Huntington's disease using biochemical, immunocytochemical and molecular genetic methods on the mouse, minipig and human tissues and cells - Czech-Norwegian Research Programme (CZ09), 7F14308 (2014-2017)

Membership:

Czech Neurological Society

European Huntington's Disease Network

Czech Society for Clinical Nutrition and Intensive Metabolic Care

European Society for Clinical Nutrition and Metabolism

Publication activity

H-index – 18, research publications 47, citations without self-citations 700, chapters in 10 monographs

Huntington's disease publications of last 5 years:
